## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)

(application filed on or after May 29, 2000)

The Patent Term Adjustment to date is 3158 day(s). If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the Patent Term Adjustment will be 3158 day(s).

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) WEB site (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (571)-272-7702. Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at 1-(888)-786-0101 or (571)-272-4200.

## **Privacy Act Statement**

**The Privacy Act of 1974 (P.L. 93-579)** requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. Accordingly, pursuant to the requirements of the Act, please be advised that: (1) the general authority for the collection of this information is 35 U.S.C. 2(b)(2); (2) furnishing of the information solicited is voluntary; and (3) the principal purpose for which the information is used by the U.S. Patent and Trademark Office is to process and/or examine your submission related to a patent application or patent. If you do not furnish the requested information, the U.S. Patent and Trademark Office may not be able to process and/or examine your submission, which may result in termination of proceedings or abandonment of the application or expiration of the patent.

The information provided by you in this form will be subject to the following routine uses:

1. The information on this form will be treated confidentially to the extent allowed under the Freedom of Information Act (5 U.S.C. 552) and the Privacy Act (5 U.S.C. 552a). Records from this system of records may be disclosed to the Department of Justice to determine whether disclosure of these records is required by the Freedom of Information Act.
2. A record from this system of records may be disclosed, as a routine use, in the course of presenting evidence to a court, magistrate, or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.
3. A record in this system of records may be disclosed, as a routine use, to a Member of Congress submitting a request involving an individual, to whom the record pertains, when the individual has requested assistance from the Member with respect to the subject matter of the record.
4. A record in this system of records may be disclosed, as a routine use, to a contractor of the Agency having need for the information in order to perform a contract. Recipients of information shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).
5. A record related to an International Application filed under the Patent Cooperation Treaty in this system of records may be disclosed, as a routine use, to the International Bureau of the World Intellectual Property Organization, pursuant to the Patent Cooperation Treaty.
6. A record in this system of records may be disclosed, as a routine use, to another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)).
7. A record from this system of records may be disclosed, as a routine use, to the Administrator, General Services, or his/her designee, during an inspection of records conducted by GSA as part of that agency's responsibility to recommend improvements in records management practices and programs, under authority of 44 U.S.C. 2904 and 2906. Such disclosure shall be made in accordance with the GSA regulations governing inspection of records for this purpose, and any other relevant (i.e., GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.
8. A record from this system of records may be disclosed, as a routine use, to the public after either publication of the application pursuant to 35 U.S.C. 122(b) or issuance of a patent pursuant to 35 U.S.C. 151. Further, a record may be disclosed, subject to the limitations of 37 CFR 1.14, as a routine use, to the public if the record was filed in an application which became abandoned or in which the proceedings were terminated and which application is referenced by either a published application, an application open to public inspection or an issued patent.
9. A record from this system of records may be disclosed, as a routine use, to a Federal, State, or local law enforcement agency, if the USPTO becomes aware of a violation or potential violation of law or regulation.

3. The applicant has been amended as follow:

1.(Currently Amended) A method of selecting an operating system at a target device in communication with a server, comprising: initiating a network bootstrap program at the target device; sending a bootstrap list command from the target device to the server, receiving an operating systems list of at least one operating system prior to executing an operating system at the target device; [[and]] selecting a target operating system from the operating systems list, whereto the target device is to be remotely booted by the server[.] ; and

relocated the network bootstrap program after the target operating system is selected.

2.(Original) The method of claim 1 further comprising: receiving instructions for the target operating system.

3.(Original) The method of claim 1 further comprising: requesting the instruction for the target operating system from the server.

4.(Original) The method of claim I further comprising: booting the target operating system based on the instructions.

5. (Original) The method of claim I wherein the operating systems list includes a default operating system.

6.(Cancelled).

7.(Original) The method of claim 1 wherein the target operating system is determined from a configuration file of the target device.

8.(Original) The method of claim 1 wherein the target operating system is selected by a user of the target device.

9 (Original) The method of claim 8 further comprising: determining from a user profile, at least one -available operating system; and including the user-available operating system with the operating systems list.

10.(Original) The method of claim 1 further comprising: determining from a target device profile, at least one device-available operating system; and including the device available operating system with the operating systems list.

11. (Currently Amended) Computer program product in a non-transitory computer usable medium for selecting an operating system at a target device, comprising: means for initiating network bootstrap program code at the target device; means for receiving a command requesting an operating systems list of at least one operating system; means for

sending the operating systems list to the target device before an operating system ~s  
executed at the target device; and means for receiving a selection of a target operating  
system from the operating systems list, wherein the target device is to be remotely booted  
by the server [[.]] ; and mean for relocating the network bootstrap program code after the  
target operating system is selected.

12. (Original) The program 0fclaim 11 further comprising: means for sending the target  
operating system to the target device.

13.(Original) The program of claim 11 further comprising: means for determining a  
default operating system.

14.(Cancelled).

15.(Original) The program of claim 11 further comprising: means for determining the  
target operating system from a configuration file of the target device.

16.(Original) The program of claim 11 further comprising: means for receiving the  
selection of the target operating system from a user of the target device.

17.(Original) The program of claim 16 further comprising: means for determining at least  
one operating system available to the user.

18.(Currently Amended) A network data processing system comprising: means for  
initiating a network bootstrap program at a target device, the target device to be remotely  
booted by the server; means for sending a command requesting an operating systems list  
of at least one operating system; means for receiving the operating systems list prior to  
executing an operating system at the target device; and means for selecting a target  
operating system from the operating systems list at the target device[[.]] ; and

means for relocating the network bootstrap program after the target operating system is selected.

19.(Original) The system of claim 18 further comprising: means for receiving the target operating system at the target device.

20. (Original) The system of claim 18 further comprising: means for executing the target operating system at the target device.

21.(Cancelled).

22.(Original) The system of claim 18 further comprising- means for determining the target operating system from a configuration file of the target device.

23 (Original) The system of claim 18 further comprising: means for determining the target operating system from input of a user of the target device.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.
